ABOUT US

Best Trade Flower is an importer and distributor company that was born in August 1999 in the WEST COAST area of the USA.

We are representatives of 55 of the best flower farms in Ecuador that represent nearly 2,800 hectares of the best flowers grown in Cayambe and Latacunga.

MOTIVATION

We started our business with the Ecuadorian rose and over the years have introduced new varieties of flowers.

In the logistics part, we have strategic partners so that the flower reaches its different destinations by air and by sea.
